# Beale™ Kitchen Faucets

## Touchless Technology

The new Beale high-arc kitchen faucet collection features a Selectronic® touchless model that offers the unique option of switching to manual operation by simply sliding a movable door to cover the sensor.

### HYGIENIC

Helps reduce the risk of cross-contamination while handle and spout remain untouched

### CONVENIENT

Easily access water when hands are full or dirty

### LONG LASTING

Easy to access AA battery pack or AC adaptor (sold separately)

**A movable door changes the faucet from touchless to manual operation in one quick movement.**

This allows the user to choose when they want to use the touchless option and when they don't.

**Hand-operated pull-down function with spray pattern, stream pattern and pause feature**
