---

DXV creates premier bath and kitchen collections for discerning homeowners. Inspired by influential design movements spanning fifteen decades, we preserve pivotal design elements from each period, reimagined for today. Each movement—**CLASSIC, GOLDEN, MODERN, CONTEMPORARY**—is comprised of meticulously crafted, perfectly curated collections and pieces to streamline the renovation process while instilling the beauty, refinement and creativity that makes your home uniquely yours.

The **NEW BELSHIRE COLLECTION** from DXV is a full bathroom suite that captures the opulence, glamour and sparkle of the nostalgic 1920s Golden Era. Thoughtfully crafted and beautifully detailed faucets complement the richness of warm woods and the timelessness of Carrara marble, materials that are handcrafted in Europe with the same meticulous care that defined the period. The exquisite soaking tub, faceted sinks and toilets are integral to the collection and equally stunning by design.
